EDUCATION

Jaypee University of Engineering and Technology, Guna
Bachelor of Technology
Computer Science and Engineering

July 2017 - Present
Current CGPA: 7.7

Jay Jyoti School, Rewa
Higher Secondary

March 2015 - March 2017
Overall Percentage: 79.6

WORK EXPERIENCE

Unbox Innovations, Hyderabad
Backend Intern

Dec 2019 - Jan 2020

- On-site internship in Django Development, developed various REST APIs to interact with database for already existing E-Commerce Platform.

PROJECTS

Tech-Talk

Minor Project

Tech-Talk is developed on the top of Django framework in Python using API First Approach. It was a clone of traditional social media platforms, additionally it has some of the most common features implemented from scratch.

- Read-recipe in chat section.
- Cyber bullying resistant comment section.
- Unique view on each post along with total views.

Alpha Mail

Self Learning Project

Developed this Desktop application in my learning phase of Python. It uses SMTP Protocol to send mails under the hood, further it has some really good functionalities.

- Get statistics of your mail history.
- Smart search for mail history.

TECHNICAL STRENGTHS

Technical Skills

Django, Python, Data Structure, C++, HTML5, CSS3, SQL

Software & Tools

Git, Visual Studio Code

ACADEMIC ACHIEVEMENTS

- Winner of University level Kodeathon 18.2 in year 2018.
