Introduction to Python

Roshan Pandey

Django Developer at Mindrise Solutions
Indore, Madhya Pradesh, India

Summary

Hi, I'm Roshan and I work on Django | Python Development. I'm having good exposure to recent web development practices from API First approach to View First Approach. I love to do an open-source project, one of my recent contributions includes working on Saleor, Which is a GraphQL Based E-Commerce platform.

I have interacted with the clients over a variety of domains including Automobile, Organic E-commerce, etc. and I love to grow my knowledge and understanding while supporting businesses all across the world. Feel free to reach me for any kind of work in my domain.

Experience

CodeSpeedy Technology Private Limited
